

### The most important features

- Economical piece counter
- Universally usable for many currencies
- Counterfeit detection: UV + MT/MG + IR + DD
- Counting speed: 1.000 banknotes / minute
- External LED display included

At a speed of 1,000 notes/min. the sorted notes are counted and simultaneously checked for the safety features UV, MG/MT, IR. The security features can be switched off separately, thus allowing universal use for many currencies.
